FOR IMMEDIATE RELEASE – May 14, 2014

MILLER BOAT LINE FERRY M/V ISLANDER IN FOR UNSCHEDULED REPAIRS AND 5-YEAR DRYDOCKING AND INSPECTION

Cleveland, Ohio. Miller Boat Line, a regular customer of Great Lakes Shipyard, contracted with the Shipyard to provide unscheduled work on their ferry M/V ISLANDER. The Shipyard hoisted the ferry on Tuesday, May 13th with its Marine Travelift. While out of the water, Miller Boat Line seized the opportunity to complete its 5-year US Coast Guard inspections. The Shipyard expects to complete all repairs in a two-day turnaround.

The Marine Travelift at Great Lakes Shipyard is the largest on the Great Lakes, second largest in the Western Hemisphere, and third largest in the world.
